Forest Fire Warden's Report

PREVENTING FOREST FIRES IS OUR RESPONSIBILITY

Costs of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2200 acres burned. Residences, farm, and other business places were threatened with possible total destruction.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control—pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to install in the child's mind a respect for fire.

Keep our town safe from fire.

We would like to take this opportunity to thank all those who have helped us this past year in the performance of our duties.

During the past year this department has recovered and, or has been instrumental in having restitution made in the amount of some \$600 to \$700 to residents or tax payers of this town from investigations into various larceny cases.

In January Hambrook & Swan attended the F. B. I. school on Search & Seizure given in Plymouth.

Aerial Photographs

The mosaic of the aerial photographs of the Town has been completed and installed in the Town Hall. Mr. Harry Spencer did the difficult and time consuming work of fitting together the center portions of the photographs, with the help and supervision of Francis G. Hambrook, Consulting Forester, of Sandwich, and Arthur G. Dodge, Jr., our County Forester.

Road and Bridges

Study of our road problems continued. The nine roads on which improvement of drainage seemed most urgent were examined. Each culvert was checked as to inflow and outflow ditching, its state of repair and its drainage potential. A verbal report was made of the findings.

The Board and its committee on roads and bridges conferred with the Selectmen and made recommendations as to the improvement of the roads and as to appropriations for 1963.

Sandwich Timber Lands.

In March 1962 a paper on Sandwich timberlands was circulated among the Selectmen, the Planning Board, and others, covering the extent and character of our timber lands, the intensity of management being practised, recent annual harvests, the probable annual growth of timber and the total estimated forest capital in Sandwich. An estimate was given of the potentials that might be realized if good management were practised on all our timber lands, including the yield tax income if annual growth were fully harvested, and the possible increase in employment of woodsmen, truckers, saw mill hands, foresters and machines. And the question was raised, how to excite the interest of land-owners in management toward the end of making Sandwich a complete tree farm.

A summary of the above was published in local papers.

During the discussion, Mary S. Brown, our Representative at the Legislature brought up the Sweepstakes Bill which is presently coming up, and will affect our schools. She asked that a vote be taken so that she would know how the people in town felt about this Bill, and could therefore cast her vote accordingly. This matter was objected to, and it was suggested that the matter be brought up during the regular town meeting, and be then voted upon.

Discussion continued until 3:30 P. M. after which it was Moved by Charles G. Burrows, and seconded, that the polls stay open until 6:30 P. M. o'clock. Motion was made and seconded that Dana Pearson and John Taylor be appointed Ballot Clerks.

ARTHUR B. BROWN

ALICE D. SMITH

Auditors

Report of Superintendent of Schools

To the School Board and Citizens of the Sandwich School District:

I respectfully submit my eighth annual report as your Superintendent of Schools.

Staff

Miss Eleanor Hall, a graduate of Swarthmore College, Pennsylvania, and who has been a teacher for five years in Cleveland, Ohio, joined the staff as teacher in grades 1 and 2.

Mrs. Nancy Davock assumed the role of "Special Help Teacher" in order to provide a much more individualized approach because of the two grades in a room.

Mr. Joseph Davock, a graduate of Plymouth Teachers College, and a part time teacher for the later part of last year, replaced Mr. Richard Person in grades 7 and 8.

Secondary School Study

At the annual meeting in March of 1962 the district authorized the appointment of a Secondary Education Advisory Committee to serve with the School Board in making a study of Secondary Education in Sandwich, and the possibility of becoming a part of a Cooperative School District.

In accordance with the vote the Selectmen appointed Earl Peaslee and the School Board appointed Mrs. Ingrid Bickford and Lester Burrows, Jr.

Mr. Roger Merriman, one of the Trustees of the Quimby Trust, served with the School Board and the Committee members in studying the various possibilities. The committee held meetings with a study committee from Moultonboro, the Inter-Lakes School Board and the proposed Governor Wentworth Cooperative School District in Wolfeboro. The possibility of a cooperative district with Tamworth, Ossipee, and towns to the east was also explored. The School District of Tamworth entered into a twenty year contract with Conway, thus any arrangements in that area did not seem plausible.

On November 26 the Study Group made a report to the voters at a meeting in the Town Hall and recommended that the Sandwich School District should consider petitioning the State Board of Education to be annexed to the Inter-Lakes Cooperative School District.

A special school district meeting was held on Saturday, February 9, 1963 and the District voted 165 to 79 to petition the State Board to annex the Sandwich School District to the Inter-Lakes Cooperative School District consisting of the pre-existing districts of Center Harbor and Meredith. Charles G. Burrows and Mrs. Roland Hoag, members of the Sandwich School Board, were elected as representatives to serve as a committee in preparing a budget and making necessary arrangements for the annexation.

Minimum Standards For High Schools

Approximately two years ago a special committee was appointed by the State Board of Education "to develop detailed statements of the standards for approval of Comprehensive High Schools and High Schools" as the State Board is obligated by State Laws to approve High Schools.

In June 1962, the "Minimum Standards and Recommended Practices for New Hampshire High Schools, Grades 9-12" were officially adopted by the State Board of Education.

The "Minimum Standards" go into effect September 1963, and in order for Quimby to meet the additional requirements, especially the dual track program of general and college preparation it would necessitate the addition of at least three more teachers, and this in turn would require more classrooms. This additional expense in a small school increases the cost per pupil and makes it just not advisable to continue the program at Quimby School. The present cost per pupil is over \$1000 per pupil and the State average is \$457.00.

Interim Commission On Education

The Interim Commission on Education that was set up in accordance with a joint resolution of the 1961 General Court to study the organization of School Districts, and the higher education facilities in the State presented their report to the members of the General Court in December of 1962.

The Commission recommended reorganization of the public schools, school districts, and colleges and university facilities.

The report favors larger grouping, both on the Supervisory set up and in the area school movement, and recommends that the State Board of Education have a master plan decreasing the number of Supervisory Unions from 48 to 34, and in so doing to designate area or cooperative school districts.

Conclusion

Dr. James B. Conant, former President of Harvard University and author of "The American High School Today", makes this comment, "It is impossible to evaluate an educational system a part from the society which it both reflects and serves."

Much of the argument over education today is coming from people who are not really interested in facing problems as they exist.

This is where our responsibility lies — to know our problems and to solve them to the best of our abilities.

I wish to extend to the Sandwich School Board, Secondary School Study Committee my sincere appreciation for their fine cooperation, their encouragement, and sincere devotion to their task of formulating and carrying through their policy making responsibilities with foresight and conviction in what is good for the children of Sandwich.

I also wish to commend the members of the staffs of both the Central School and Quimby School for their devotion to education, assistance and cooperation.

Martin E. Heffernan
Superintendent of Schools

Sandwich Central School

Report of the Principal

Education is of paramount importance to all members of our society. The future of America rests in the knowledge which the school is able to impart to the youth of our nation. Education is the business of the church, the home, and the community as well as that of the school. How well we succeed depends upon the effort and cooperation expended by everyone.

There have been a few changes in the teaching staff this fall. Miss Eleanor Lee Hall joined the faculty, coming from Cleveland, Ohio. Miss Hall teaches grades one and two, replacing Mrs. Nancy W. Davock, who became special teacher. Mr. Joseph P. Davock became seventh and eighth teacher, replacing Mr. Richard A. Person, who accepted a teaching position in Kamiah, Idaho. Mrs. Marion N. Berry remained in grades three and four and Mrs. Elizabeth N. Plummer continued teaching grades five and six.

Mrs. Nancy N. Davock in becoming our full time special teacher has developed a varied program. During the week, Mrs. Davock manages to teach every child in the school. In the morning she teaches grades two and three reading. This leaves Miss Hall and Mrs. Berry with single grades in their rooms for a period of time. This enables them to cover more easily the lessons related to one grade only. In the afternoon, Mrs. Davock teaches grade three spelling and penmanship. Mrs. Berry has 20 children in grade four and has the opportunity to give these pupils her undivided attention during grade four social studies. Mrs. Davock supervises the penmanship in the school, conducts our glee club in grades 5 - 8, has special speech classes, and a special class in reading for children who need help in grades 5 - 8.

We are continuing our departmental work in the upper four grades. Mr. Davock teaches the social studies and science classes and Mrs. Plummer teaches the arithmetic classes in grades 5 - 8. Mrs. Davock teaches the English in grades 5 and 6.

School opened on Wednesday, September 5, 1962 with an enrollment of 94 pupils. These youngsters very soon discovered the new slide and chinning bars on the playground. Many have become quite expert on the chinning bars.

Mrs. Frances T. Mauch, R. N. became our school nurse, replacing Mrs. Amy L. Brown, R. N. Mrs. Brown served sev-

eral years as school nurse and we are indeed grateful for her faithful service and cooperation .

Dr. Charles J. Cataldo became school doctor, replacing Dr. Lawrence Rockwood, who moved to California. Dr. Cataldo gave physical examinations to all of the Sandwich Central School pupils. Any children who needed special attention were given written reports from the doctor and school nurse.

The speech clinic, which was held at the school last spring under the direction of Raymond Conley, Executive Director, from the Rehabilitation Center in Portsmouth, N. H., was most successful. Mrs. Mauch's report will tell more about this important clinic.

Our instrumental music program is most successful this year under the able direction of Mr. Almon W. Bushnell, our former superintendent of schools. He has encouraged and taught the youngsters to perform very well together. Their first public performance was presented in conjunction with the Central School Christmas Program. I am sure everyone present enjoyed the music very much!

Each year we carry out a rather extensive testing program. In the fall pupils in grades 1, 3, and 6 are given mental maturity tests. Grade 8 is given the Metropolitan Achievement Battery Test and the Pintner General Ability test in November. These 8th grade tests are received from the Test Service and Advisement Center of Dunbarton, N. H. These tests are administered according to instructions and are returned to the Advisement Center to be machine scored and interpreted under the Guidance Services. An individual report of each child's mental ability is given. The test results of subject areas and study skills are recorded in terms of local N. H. stanines and national percentile ranks. In the spring all of the pupils are given achievement tests. The results of all of these tests prove to be most useful for teachers to use as a guide to further teaching. The results show the subject areas in which the children excel and also shows those in which the children need to work more to strengthen.

Before school closes in the spring, we have a registration day for all of the next year's first graders. At this time the children become acquainted with the classroom and the school. They meet the teachers, school and state nurses, and are registered in the school. We find this has been most helpful and successful over the years.

During the year the stage, one classroom, and the window sashes have been painted. New shades were installed in two classrooms.

For the safety of the pupils and all people using the school, the following safety devices have been installed:

1. A new safety switch for the furnace was placed on the wall by the stairs leading to the auditorium.
2. A new fire alarm system in the main hall. This has a distinct sound of its own which cannot be confused with our bell system.
3. An auxiliary emergency light has been placed in the auditorium. When the main supply of electricity goes off, the light automatically goes on flooding the auditorium with enough light to avoid any panic in an emergency. This would allow safe evacuation of the building during evening activities at the school.

Fire drills and alerts continue to be an important part in our school safety program. The Student Safety Patrol continues to be of great assistance to the school in many ways.

Several new books have been added to our school library. The library has moved from the hall to the stage. The hall space is now used as a classroom for Mrs. Davock's special classes. Mrs. Nancy Metcalf, Mrs. Joan Wright, and Mrs. Jeanne Brown continue to make "Library Day" one which is looked forward to with great pleasure. We appreciate the time these parents have given to the children more than words can say.

Mrs. Grace Hight has shown a keen interest in the Sandwich Central School over the years. At this time, the children, and faculty join me in thanking her for the books, magazines, shrubbery, and trees which she has so generously given to the school.

This has been a most interesting and successful school year. All of this has been accomplished with the fine cooperation of the Faculty, the School Board, the Parents, and Mr. Martin E. Heffernan, Superintendent of Schools.

Respectfully submitted,
Elizabeth N. Plummer

Report of School Nurse

In January "Resusci-Anne" a large doll, was brought to the Central and Quimby Schools to demonstrate the mouth to mouth method of resuscitation. All pupils in each school were shown how this method works.

Free chewable vitamins have been given to the school children in both the Central and Quimby Schools. This important aid to our children's health was bought with money donated by the Sandwich Chapter of the American Red Cross.

The Future Nurses Club of Quimby School meets once a month. In May they took a trip to attend an Open House at the State Hospital in Concord. In November the group held their meeting in the evening at the home of Mrs. Albert Hoag, and in January Miss Dencie Ward, R. N. spoke on Public Health Nursing to give the girls another view of nursing apart from hospital work.

A big day in the life of the pre-school child was held on May 7th. Eleven children attended Registration Day, a date planned each year, when the child who will enter school the following September comes to visit school with his parents. Here he has an opportunity to meet the principal, teacher and school nurse and really see what school is like. Each child was weighed, measured, - and his vision tested. Mrs. Madeline Given, dental hygienist, also showed each child and parent the proper care of gums and teeth. At the end of the afternoon they were treated with cake and juice and were able to visit with the others who would be their future classmates.

On June 4th a Speech Evaluation Clinic was held in the Central School. A group team from the Portsmouth Rehabilitation Center was asked to assist the teachers in the correct handling of children with speech or hearing problems. The team consisted of Mr. Raymond Conley, Executive Director of the Center and Mrs. Joan Allen Lawrence, Speech Pathologist. Other towns in the Supervisory Union were invited to join us in this program. A total of 43 pupils were referred and 27 were from the Sandwich schools. Each youngster, considered by the teacher to have speech or hearing difficulties, was seen by the Pathologist and an evaluation was made. Later in the day Mr. Conley and Mrs. Lawrence

met with members of the Sandwich School Board, teachers and school nurses to discuss their findings. On June 8th the summaries and pupil reports of the screenings made by the team were returned, together with their recommendations as to how the parent of each child and the teacher could help in corrections. We were pleased with the results of this Clinic and by the fine job done by Mr. Conley and Mrs. Lawrence.

On June 11th a Sabin Oral Polio Clinic was held in the Central School. This Clinic was open to everyone and a total of 139 school children received their first drink of Type I oral vaccine.

Vision tests were given and all children found to have defects were retested. Parents were notified if further examination by a physician was recommended.

Heights and weights of each pupil were checked in May and September.

The usual First Aid was given as needed as well as periodic health inspections.

Home visits were made throughout the year.

In October our school physician, Dr. Charles J. Cataldo, completed 95 physical examinations in the elementary school and 35 in November at the High School. Parents were notified if the child was found to have a health problem.

How a child feels, physically and emotionally, or how well he sees or hears has much to do with his progress in school. It is only through the cooperation of parents and the entire school staff that a successful health program can be carried out.

Respectfully submitted,

AMY L. BROWN, R. N.
